President's Foreword

I am extremely happy to announce that the Council of Architecture shall be conducting NATA 2024 examination in a new format duly respecting the opinion of the stakeholders, which was ascertained through nationwide survey, keeping in mind the convenience and creativity of students and also in keeping with the pace of the current trends and challenges faced by the Architecture Profession.

Architecture as social commentary holds a mirror to society, reflecting its glory and challenges. From stylistic evolution to radical visions, architecture not only responds to society but actively helps to shape it. Architecture plays a significant role in shaping cultural identity and also acts as a medium to express creativity. Buildings and structures act as symbols of a community's values, beliefs; heritage and their design reflect the unique identity of the place.

Architecture is a noble profession which deals with the well-being of human beings and Society. Its routes are as ancient as the civilization. Popularly defined as combination of Arts and Technology, it ensures creation of built environment ensuring health, hygiene, safety and happiness of the occupants as well as visitors.

The career of an Architect is very promising and satisfying, being a 'Professional', one is capable of starting the practice, in the modern terms 'start-up' at the earlier stage of life with minimal investment. Hence, Architects are popularly known as 'Job Givers' rather than 'Job Seekers'.

As aptly described by Hon'ble Prime Minister, Shri Narendra Modi Ji, this is the 'Amrit Kal' of Indian Civilisation and in the days to come, we would be the biggest service providers of the world. The construction and infrastructure activities across India are at its peak and the Architects have to positively contribute to the development of Nation as never before. The Council is making all efforts to ensure that the Architectural Education and Profession in the country meets the challenges posed by globalisation, scarcity of natural resources and energy along with threat posed by natural and man-made disasters.

NATA is the first step towards this glorious career and those who wish to join Architecture profession will have to qualify NATA, a test especially designed to assess the aptitude of the candidate towards architecture profession.

I, on behalf of Council of Architecture wish all the very best to all the aspiring 'to be' architects for a bright future and congratulate you for taking the first step towards profession of Architecture.

A handwritten signature in black ink, reading "Abhay V. Purohit".

Prof. Abhay V. Purohit
President
Council of Architecture

1.0 Introduction

The Council of Architecture (CoA) is an autonomous statutory body of Ministry of Education, Government of India constituted under the provisions of the Architects Act, 1972 and came into force with effect from 1st September, 1972. The Act was enacted by the Parliament of India to provide for registration of Architects, standards of education, recognized qualifications and standards of professional conduct and etiquette to be complied with by the architects. The Council is vested with the responsibility of maintaining the register of architects on national basis as well as regulating the Architecture education and practice of Architecture profession throughout India. For this purpose, the Government of India has framed Rules and Council has framed Regulations as provided for in the Architects Act, with the approval of Government of India.

Any person desirous of carrying on the profession of Architecture and using the title and style of 'Architect' must have registration with Council of Architecture. For the purpose of registration, one must undergo the education in accordance with the Council of Architecture Minimum Standards of Architectural Education Regulations, 2020 and possess the recognized qualification as appended to the Architects Act. If any person falsely represents or claims to be registered architect or uses any words or letters to suggest that she / he is an architect or misuses title and style of architect, such acts tantamount to committing of a criminal offence punishable under the Architects Act, 1972.

The practice of profession of an architect is regulated under the Architects (Professional Conduct) Regulations, 1989 (as amended in 2003), which prescribe the professional conduct, ethics and etiquette, conditions of engagement and scale of charges, architectural competition guidelines etc., Pursuant to the above Regulations, the Council has framed guidelines governing the various aspects of practice.

Presently, there are about 375 Institutions imparting architectural education in India leading to recognized qualifications. The minimum standards of education to be imparted in architectural institutions (constituent colleges / departments of universities, deemed universities, affiliated colleges / schools, IITs, NITs and autonomous institutions) are prescribed and monitored by Council of Architecture by way of Regulations and norms & standards prescribed from time to time, which set forth the requirement of eligibility for admission, course duration, standards of staff & accommodation, course content, examination etc.

The CoA oversees the maintenance of the standards periodically by way of conducting inspections. The CoA is required to keep the Central Government informed of the standards being maintained by the institutions and is empowered to make recommendations to the Government of India with regard to recognition and/or de-recognition of a qualification.

2.0 About NATA

National Aptitude Test in Architecture (NATA) is being conducted by COA since 2006, to qualify for the admission to Bachelor of Architecture. The Council has prescribed CoA (Minimum Standards of Architectural Education) Regulations, 1983 and in the year 2020 the Council has prescribed the Council of Architecture (Minimum Standards of Architectural Education) Regulations, 2020, with the approval of the Central Government in terms of Sections 21 & 45 of the Architects Act, 1972.

These Regulations prescribe that the candidate needs to qualify an Aptitude Test in Architecture conducted either by NTA (i.e., JEE) or NATA conducted by the Council for admission to the Architecture degree course.

The actual admissions shall be carried out only by the concerned competent authorities of the respective States / UT's etc., Institutions based on valid NATA score and eligibility criteria prescribed by CoA and concerned authorities.

Unlike any other entrance examination, NATA is an Aptitude test that assesses a candidate's ability through a variety of testing formats.

NATA measures the aptitude of the applicant for specific field of study, i.e., Architecture, through assessment of cognitive skills, visual perception and aesthetic sensitivity tests, logical reasoning and critical thinking ability, etc., besides the learning that the candidate has acquired over the past years.

With the objective of giving opportunities to a greater number of bright aspirants to join Architecture, Council will be conducting NATA-2024 for admission to B.Arch., in the academic year 2024 - 2025 on all weekends in two sessions starting from April to July, 2024.

3.0 Schedule of Examination

The candidates can appear for maximum of 3 attempts in NATA 2024 in one academic year. The best score out of all the attempts shall be considered for declaration of results. The score of NATA Test would be valid for a period of 2 academic years.

Examination shall be conducted on all weekends starting from April to July, 2024 in two sessions, subject to number of candidates registered for the session. The candidates need to indicate their preference for session & city of examination while registering at NATA portal **www.nata.in**. The session during which the candidate will take the test as well as the Test Centres, shall be allotted by the Council, as far as possible, on the basis of cities and sessions preferred by the candidate in the application form. However, the decision of the Council in allotting Test Centre and session to candidates shall be final.

The Tests shall be conducted as per the schedule as given below:

Date & Time of Examination	
NATA 2024 Examination commencing from:	06-04-2024 onwards
Session 1 : 10.00 a.m. to 1.00 pm (180 mins/3.0 hours)	Session 2 : 1.30 pm to 4.30 pm (180 mins/ 3.0 hours)
