ABOUT COLLEGE

MISSION

BMS School of Architecture is dedicated to educating future generations to be ethical professionals, creative designers and informed citizens.

VISION

- The vision of the school is to build a world-class research and educational institution where knowledge is power, encouraging innovations and providing services for sustainable built environment and architecture.
- The institute emphasizes architectural education as a concept, founded by intellectual endeavor, taught as a critical, creative pursuit.
- The school is committed to producing thinkers and skilled professionals who are well versed in the contemporary techniques and knowledge of the discipline.
- The school pledges to instil humanist ideas and societal values in the future generation architects.
